

# Olivia mini \_Table

Olivia mini is a rechargeable battery-powered cordless table lamp. A "touch" control on the head allows switching on/off, dimming, and selecting the color temperature of the light (2700 K or 3000 K). Olivia mini is equipped with the dimmer memory function, which adjusts the light intensity and memorizes the dimmer steps; consequently, every time it is switched on, the light intensity will correspond to that previously set. It is suitable for both indoor and outdoor use. The lamp comes with a contact charging base; battery charger included.
