Design Federico de Majo, 2015-2021
Fatto a mano / Handmade
Vetro borosilicato / Borosilicate glass

Il ricordo delle giornate in spiaggia, chinati a giocare sulla riva, impegnati a “tener in pista” bilie di vetro colorato... questa piacevole memoria ha suggerito a Federico de Majo il design di Bilia, una delle collezioni Zafferano di maggior successo. Proposta in diverse varianti colore riferite alla sfera, la collezione è articolata in una ricca gamma di articoli, spesso declinati in due dimensioni.

Vetro borosilicato, lavorato a mano. Resistente agli shock termici, lavabile in lavastoviglie a 60° C e adatto all'uso in microonde.

The memory of days at the beach, bent over playing on the shore, engaged in “keeping on track” colored glass balls... this grateful reminiscence suggested the design of Bilia, one of Zafferano’s most successful collections, to Federico de Majo. Offered in different color variants referring to the sphere, the collection is articulated in a rich range of items, often declined in two sizes.

Borosilicate glass, handcrafted. Resistant to thermal shock, dishwasher-safe at 60° C and microwave-safe.
