

Pina _Table

Pina is a rechargeable battery-powered cordless table lamp. A "touch" control on the base allows switching on/off and dimming. It is suitable for both indoor and outdoor use (except gold, silver and copper finishes). An electronic control system monitors the remaining autonomy and ensures a constant luminous flux until the battery runs out. Recharging is therefore optimized and always properly done. The lamp comes with a contact charging base; battery charger included. Pina can be accessorized with a floor stand or a ceramic tray, to be purchased separately

- LED
- dimmable
- IP54
